## TD Precision Steelworks Ltd. Quality Policy Statement

At TD Precision Steelworks Ltd. we are committed to providing products and service at the highest level of quality possible. TD Steel follows industry best practice to ensure we're providing proper quality assurance and quality control measures for every project. TD Steel is committed to matching steady growth with an individual awareness of our customer's requirements changing needs. TD Steel will supply and process steel accurately to meet customer specification and production needs. Our quality program operates with a "continually improving" concept.

By working with our customers and staff TD Steel will maintain integrity for the quality of our products and service.
